I'll speak out if someone tries to hurt you  
I'll speak out if someone is unkind  
I'll speak out, I will not desert you  
You can count on me  
I'll speak out for you

I'll speak out, 'cause names can really hurt you  
I'll speak out, just like sticks and stones  
I'll speak out, I will not desert you  
You can count on me, I'll speak out for you

I'll stand up and speak out  
I'll stand up and speak out  
I'll stand up and speak out  
You can count on me  
I'll speak out for you

Don't stand by if someone tries to hurt me  
Don't stand by if someone is unkind  
Don't stand by, please do not desert me  
Can I count on you  
To stand up for me

Don't stand by, cause names can really hurt me  
Don't stand by, just like sticks and stones  
Don't stand by, please do not desert me  
Can I count on you  
To stand up for me

I'll stand up and speak out  
I'll stand up and speak out  
I'll stand up and speak out  
You can count on me  
I'll speak out for you
